

Thank you for downloading the EU food labeling solution pack.

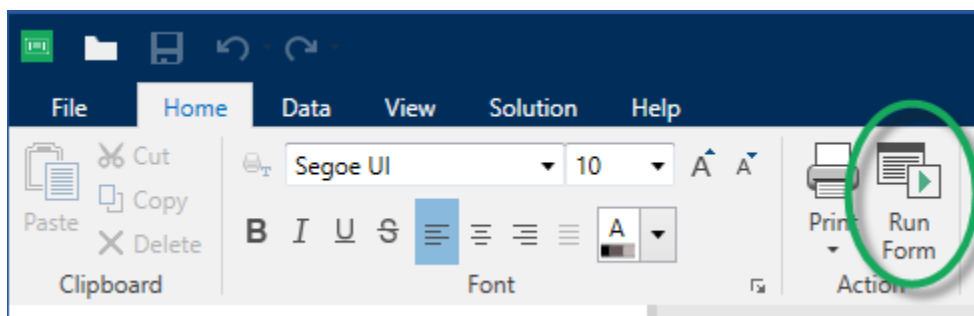

You can find more information about the labeling requirements in the EU on <http://www.nicelabel.com/eufoodlabeling>

To use this solution, you'll need to install NiceLabel PowerForms 2017. You can download the 30 day free trial from the [NiceLabel website](http://www.nicelabel.com).

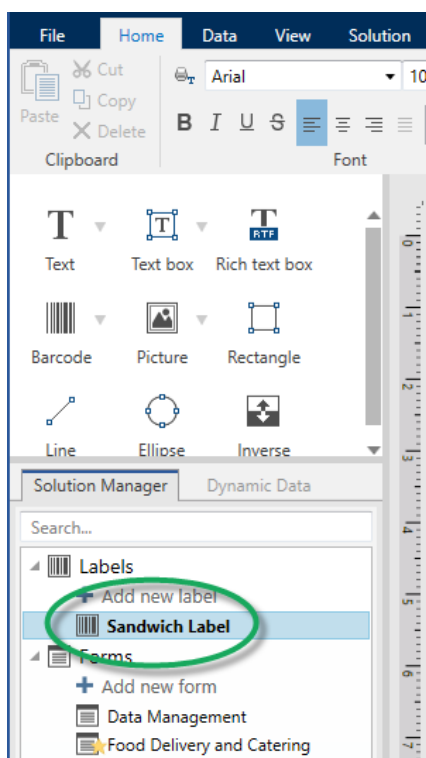

## Getting started

To start using the predefined solution, unzip this file and double-click \Solution\Solutions\NutritionTable.nsln file.

To print your first sample label, click the RunForm option in the ribbon.

To modify the label, select it in the Solution manager.

You'll get more basic tips by email after you download the software. Please contact your local partner or our technical support for more assistance: [support@nicelabel.com](mailto:support@nicelabel.com)
